

Decibel® Single

Feed your focus

Decibel® Single phone booth is an oasis in the open office environment. It's perfect for making phone calls, video conferencing, or performing focused tasks. Integrated LED lighting and Quietflow™ ventilation make it as comfortable, as it is quiet.

A better way to make your day, productive!

Differentiators

KEEPING YOU COOL

QuietFlow™

Our proprietary QuietFlow™ system is designed to keep you cool by quietly circulating the air inside the booth while ensuring sound doesn't escape. The design of the Spaceworx QuietFlow™ airflow system allows the fresh air to flow in smoothly, powered by energy-efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.

QUIETWORX™ ACOUSTICS

Reducing Decibels

Three layers of soundproofing material removes all distractions, giving everyone in the office a moment of peace.

Technical Specifications
